[Visit Real Oak Floors for a huge selection of hardwood and laminate flooring](#)

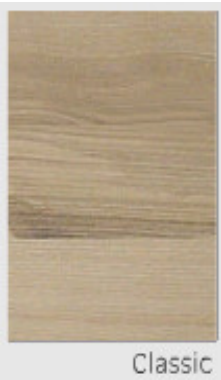

Nordic Ash Variation is stained with a white pigment and gives this flooring a very natural appearance.

Available in 9/16” thickness in an ultra matte urethane finish

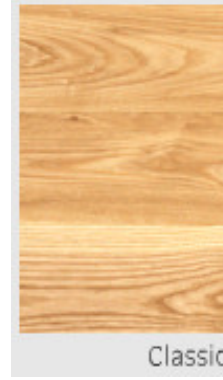

Ash (wide) is a light coloured, luxurious wood. Its strong graining pattern provides striking character with golden hues.

Available in 3/4” thickness and in a satin urethane and oil finish.

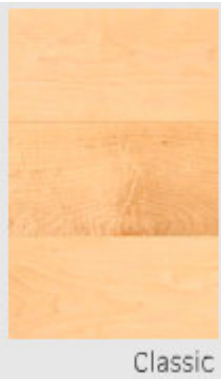

Nordic Ash (wide) is stained with a white pigment and gives this flooring a very natural appearance.

Available in 3/4” thickness in an ultra matte urethane finish

Dark Ash’s inherent dark browns of the heartwood contrast beautifully with lighter areas in the grain to produce an extraordinary effect.

Available in 3/4” thickness and in a satin urethane and oil finish.

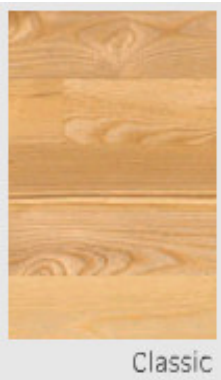

Maple is an exclusive hardwood with modest grain pattern seldom found in other woods. Its uniformity in colour ranges from a very pale to golden hue.

Available in 3.4” thickness and in a satin urethane and oil finish.

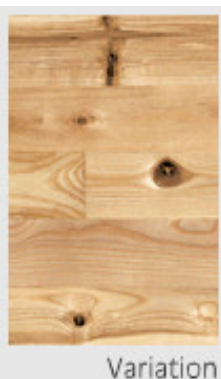

Red Oak is known for its hardness and durability as well as its vivid grain pattern. Red Oak is light to medium gold in hue with a natural tint of red.

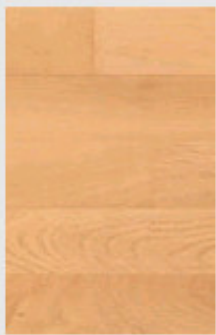

Available in 9/6” thickness and in a satin urethane and oil finish.

Ash is a light coloured, luxurious wood. Its strong graining pattern provides striking character with golden hues.

Available in 9/16” and 7/8” thickness and in a satin urethane and oil finish.

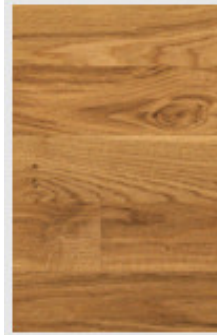

Classic

Natural Beech is Junckers hallmark floor – a classic Scandinavian wood with subtle graining and a warm glow.

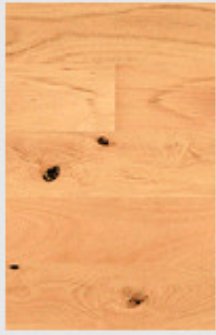

Available in 9/16” and 7/8” thickness and in a satin urethane and oil finish.

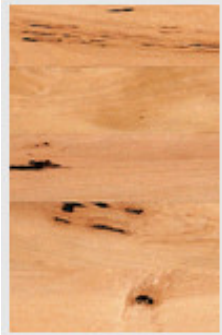

Classic

White Oak (wide) is a timeless classic. Used for centuries, White Oak’s attractive brownish colour is known for its superior hardness and durability.

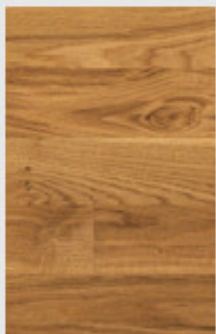

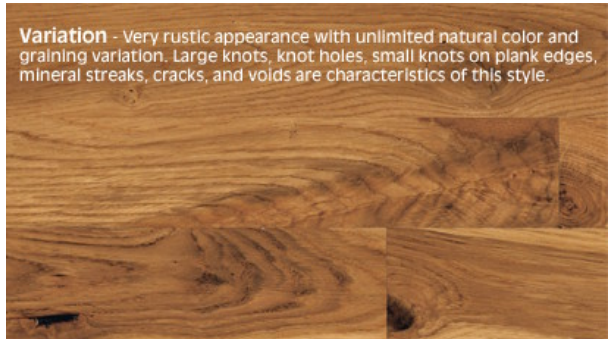

Available in 3/4” thickness and in a satin urethane and oil finish.
